

2.Interval

Interval 示意图

Interval 在知识地图中的位置

Interval 代码示例

```
/******  
 * http://sikiedu.com liangxie  
*****/  
  
using System;  
using UniRx;  
using UnityEngine;  
  
namespace UniRxLesson  
{  
    public class IntervalExample : MonoBehaviour  
    {  
        private void Start()  
        {  
            Observable.Interval(TimeSpan.FromSeconds(1)).Subscribe(seconds =>  
                {
```

```
        Debug.LogFormat("当前时间:{0} s", seconds);
    }).AddTo(this);
}
}
```

输出结果为:

```
currentTime:11
currentTime:12
currentTime:13
...
```

今天的内容就这些
